5 Look at the mini project that the class did. Look at the blue words. What's wrong?

Project

Mubatan batata is a famous English dish. It is made from potato wedges stuffed with minced meat. Curry is from France, but we eat curry in Libya too. Our class favourite food is chicken curry. A famous Japanese food is macaroni. We like macaroni with tomatoes and cheese. Elephants are from England and Asia. Kangaroos are from Australia, and pandas are from Italy.

6 Write the mini project again using the correct countries. Draw pictures to make it look nice.

LBY0034_G5 Primary unit 2 PB 2021_at level.indd 36 23/03/2021 09:07

2 Read and find the correct insect. Write the numbers.

Butterflies

Butterflies are insects. They have four wings. Before you see a butterfly, it starts its life as an egg and then changes into a **caterpillar**. After that, the caterpillar slowly changes into a beautiful adult butterfly. Most caterpillars eat plants and most butterflies eat the nectar (like honey) from flowers.

Ants

Most ants live together in a big 'house' called a **colony**. There are queen ants, worker ants and soldier ants. There are more than 12,000 types of ants in the world. Some ants are dangerous.

An ant can lift 20 times its own body weight. If you were an ant, you could pick up a car.

Flies

There are over 100,000 types of flies in the world. Flies only have two wings. Flies are not dangerous like lions or sharks, but they are dangerous because they carry **disease**. When a fly sits on your food it can bring disease. People do not like flies, but they make good food for birds, snakes and frogs.

3 Listen to Mr Dan and check your answers.

4 Find and write the word.

All About Camels

C21 SKILLS

1 57 **Listen, read and write the answers to the questions.**

Camels

There are two types of camel: the Arabian camel has one hump and the Asian camel has two humps. Camels can be many colours from white to brown to black. Camels like to live together in big groups. They are intelligent animals.

A camel's body is good for living in the desert. Why? They have big, soft feet to walk on sand. They keep their body fat in humps to help them stay cool. They have small, hairy ears and thick eyelashes to protect them from the sand. Camels can close their noses too!

Camels can drink a lot of water when they need to – a thirsty camel can drink about 135 litres of water in one go!

A baby camel is called a calf. It is born without a hump.

My cousin went to Djerba last week for a holiday with her family. She flew there by plane. It only took 30 minutes to get there from Tripoli. It takes about 2 hours to get there by car. Next time my cousin goes to Djerba, I'm going to go with her. I want to go by plane. It is very exciting.

Kareem told us about his father and how he goes to work.

My dad works in Zliten and goes to work by car. He likes driving. He says there are lots of cars and lorries. It takes a long time each day to go there and to come home. He leaves home early in the morning and comes home late.

Jena told the school magazine about a picnic that her school is going to have. They are going to go on a ferryboat.

My school is going to have a picnic. We are going by ferryboat on the river. Most of the pupils are going to come. It's going to be very exciting because it is my first time on a boat. We are going to see lots of beautiful places. I'm going to make a cake for the picnic.

Fawzi told the school magazine about his big brother.

My brother went to see our uncle and aunt. They live in Egypt. He went there by train. It was his first time on a train and he loved it. This train can go very fast and it is exciting.
